AI Proposal Automation Webinar on May 6

Join us on May 6 at 12pm ET for our webinar – **Capture, Proposals, and Beyond: How Best-in-Class AI for Federal Contractors Drives Wins Across the Lifecycle.**

Join TechnoMile, pWin.ai, and Torch Technologies' Corporate Proposal Director, Holly Trombly, for a candid discussion about how forward-leaning organizations are using tightly integrated, best-in-class solutions to power the federal contracting lifecycle – from opportunity identification and capture strategy through proposal development and contract award – and meaningfully improving win rates, accelerating proposal execution, and scaling with confidence.

Appointments to New Security Information Management Advisory Board

TechnoMile is excited to announce the appointment of national security leaders **Donald Blersch and Isaiah “Ike” Rivers** to its new Security Information Management Board of Advisors.

Formed after TechnoMile’s January 2026 merger with SIMS Software, the board will help guide the continued evolution of the SIMS Suite security operations products and value-added integration of growth, contracts, compliance, and security workflows.
