## TechnoMile & SIMS Software Have Combined!

Backed by [Capitol Meridian Partners](#), **TechnoMile and SIMS Software** have combined organizations to accelerate innovation across the GovCon, Defense, and Public Sector ecosystem. By bringing together TechnoMile's AI-enabled growth and contracts solutions with SIMS' trusted industrial security information management capabilities, we're redefining how organizations operate across the full mission lifecycle, from pre-award through secure execution and compliance.

We're excited to partner with the SIMS team and Capitol Meridian as we invest in innovation, scale our impact, and deliver even greater value to customers operating in mission-critical environments.
